Cedars Activities and Events

• Sunday Mornings

Each week's Order of Service (OoS) is a good source of information about Cedars activities. Inserts in the OoS will highlight special events or announcements and important upcoming info is often shown on the back cover of the OoS.

At the beginning of each service, the Worship Associates and others make brief announcements.

Before and after the worship service, information tables display more about adult programs, affinity groups and other activities.

• Cedars Website: www.cedarsUUchurch.org

The Cedars website provides information on adult programs, committees, the calendar of activities, Beacon newsletter announcements, and more.

• Cedars Online Calendar

An important online calendar is maintained by the Cedars office and can be accessed via the Cedars website. A calendar for the week ahead is usually shown in each Beacon Newsletter.
