## News and Announcements

### Somewhere Over the Rainbow

As part of our mission in social justice (and feedback from our

recent survey), we are excited to announce a new group at Cedars designed to serve our local queer community (including allies). ***Somewhere Over the Rainbow*** is to be an LGBTQ+ support group providing education on important matters affecting queer individuals as well as a safe space for connection.

The group will discuss a wide range of topics related to the LGBTQ+ community, particularly concerns and challenges affecting the mental health of queer people, and will be facilitated by **Kenny Davis**, a local Licensed Mental Health Counselor Associate with Caretta Counseling Alliance, who has volunteered to offer this program for Cedars and the wider community.

The group will meet in the Cedars Center at 6 p.m. on the first Wednesday of every month, with the first meeting scheduled for **Wednesday December 6th**. This first meeting will give members a chance to learn more about the group leader and provide input for topics they would like to see in future meetings. Allyship, including addressing how to be a better ally and answering questions will be the first topic.

Some meetings may be closed to allies of the LGBTQ+ community depending on topics, but allies are warmly welcomed and encouraged to attend this first meeting. We look forward to seeing all colors of the rainbow in attendance and hope to see you there.

## Cedars Creativity Fair 2023

### See What Others Have Been Doing

Our identity as a congregational community is strengthened by the activities and gatherings we enjoy together, as well as by the ways we can find to know each other better.

In past years we organized occasional Creativity Fairs to share individual interests and capabilities following Webster Hall services, and in response to the more recent pandemic we have shifted to on-line or virtual versions of those fairs.

Organized to provide opportunities to see and enjoy artful products and demonstrations of the creativity present in our talented and capable congregation, those fairs helped us get to know and appreciate each other.

Continuing that sharing of individual interests and creativity, please join the fun and enjoy the growing show using the link below! If you have something to share, send a photo and description to [office@cedarsuuchurch.org](mailto:office@cedarsuuchurch.org).

### Creativity Fair

Iguana Love, as shared by **Keri Schmit** and **Rick Blythe** at Isabela in the Galapagos Islands.

Combining ideas from philosophy, artificial intelligence, and neurobiology, Daniel Dennett leads the reader on a fascinating journey of inquiry, exploring such intriguing possibilities as: Can any of us really know what is going on in someone else's mind? What distinguishes the human mind from the minds of animals, especially those capable of complex behavior? If such animals, for instance, were magically given the power of language, would their communities evolve an intelligence as subtly discriminating as ours?

Join us for an interesting discussion via Zoom at 1:30 p.m. on Tuesday, January 2nd. If you would like to be on our email list, let **Mary Romeo** know.
