New News

Cedars Center Repair Update

Following a recent water-line break elsewhere in the Madrona Center, water damage was discovered inside a shared wall at the Cedars Center. Repair work is now underway and is expected to continue into November.

During this time, portions of the office and kitchen will be disrupted, and some events may need to be moved or held remotely. We appreciate your patience and flexibility as we work through the repairs.

The good news is that multiple insurance policies are involved, and we do not currently anticipate a significant financial impact on Cedars.

For more information about the repairs and recovery efforts, read Tyler Weaver's, President of the Cedars Board of Trustees, full update here.

No Kings: Vote Early "Keep Democracy Afloat!" · Volunteer organized

Saturday, October 17

10:00 am – 12:00 pm

Waypoint Park on Bainbridge Island (please carpool, get dropped off or meet at Cedars Center at 9:45 am and walk down to Waypoint Park together!)

Wear your Cedars T-shirt if possible!

We decide who represents us. We decide what comes next.

Unlike previous No Kings actions, No Kings: Vote Early, is not purely a protest.

Instead, it's a day of nonpartisan voter participation:

we are bringing our community together to make a

plan to vote early and ensuring every eligible voter

understands their options for how to vote and has

the opportunity to make their voice heard.

Upcoming Sunday Service

Death in Dual (and Dueling) Perspectives

Sunday, October 25

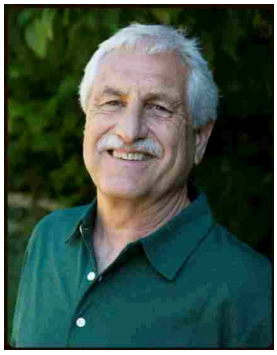

10:00 am

The Island School

Reverend Bruce Bode, Cedars Guest Speaker

Gregory Cook, Worship Associate

Death is an ordinary part of nature's cycle, yet for humans it remains one of life's most significant mysteries. As we enter the season when the “veil between the worlds is thinnest”, this sermon will explore our relationship with death through the dual lenses described by neuroanatomist Dr. Jill Bolte Taylor in My Stroke of Insight: the “left-brain” (“ego- consciousness”) and the “right-brain” (“cosmic consciousness”) perspectives.

Bruce A. Bode is Minister Emeritus at the Quimper Unitarian Universalist Fellowship (QUUF) in Port Townsend, Washington, from which he retired in 2018 as the Senior Minister after serving the congregation for fourteen years (2004-2018). Before coming to Port Townsend, Rev. Bode was the Interim Minister of the First Unitarian Universalist Church of Houston, Texas (2002-2004) and the Hope Unitarian Church in Tulsa, Oklahoma (2001-2002). Prior to that, he served for twenty-two years (1978-2001) as an Associate Minister at the Fountain Street Church in Grand Rapids, Michigan, a large, independent, religiously liberal congregation.

Write letters and help strengthen democracy and protect Voting Rights!

One of the most effective ways to do that is through letter-writing campaigns focused on a carefully selected slate of local races to rebuild trust in government and increase voter participation. These are exactly the kinds of low-turnout, low-profile elections where Vote Forward has the strongest evidence that personal letters can help increase voter turnout. If you would more information, please email Sandy Spears at office@cedarsuuchurch.org.

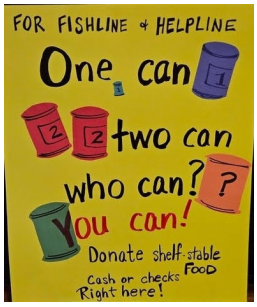

You have until October 23rd to mail your voter letters! Please fill out the form linked at the button below when you mail them.

Let us know you mailed letters here

CEDARS Presents: YOU CAN!

The need keeps growing for food resources in our community. We collect donations at the Cedars Center and at our Sunday services and alternate months delivering contributions to Fishline and Helpline House. Every contribution of cans, boxes, bottles, and more goes straight onto the shelves and is immediately appreciated. Every bit truly helps.

If you have ideas on how we can encourage more contributions, see Nancy Dowey or Patricia Erdmann or email them at office@cedarsuuchurch.org.

Super Suppers Volunteers:

Super Appreciated!

We have a great team serving Super Suppers each month to an appreciative group of Islanders. For many years, we have teamed up with Kol Shalom to provide this much-needed service on the last Tuesday of the month, at Eagle Harbor Congregational Church in Winslow. However, we need more volunteers!

- to bring side dishes and help with set-up, serving, and cleanup
- or help warm up the premade main dish, set up, and serve.

Typically, we provide side dishes or prepare the main dishes on alternating months. In September we will need to provide both the side dishes and the main dish. You can sign up to help with one or more slots using this link, whatever works for you, and your help will be SUPER APPRECIATED! Our next opportunity is Tuesday, October 27.

For more information about Super Suppers, please use this link to email Mike Cox at socialaction@cedarsuuchurch.org.

Suquamish Community Kitchen

Every other month, Cedars takes the lead in preparing and serving a free, nourishing meal for anyone in our community through the Suquamish Community Kitchen. These meals require many helping hands to cook, serve, and clean up. Each role plays a vital part in making the evening run smoothly.

We invite you to sign up to join the team using this link. Your time and energy will make a meaningful difference. For more information, please email Heidi Parkington-Thal at office@cedarsuuchurch.org using this link.

Cedars Book Group

Wednesday, October 21

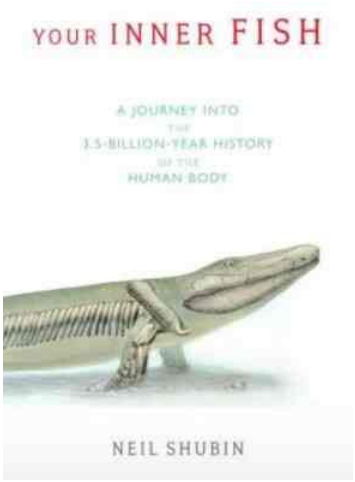

2:30 pm - 4:00 pm

via Zoom

Your Inner Fish is widely considered an excellent, highly engaging science book. It won the National Academy of Sciences best book award in 2009.

Why do we look the way we do? What does the human hand have in common with the wing of a fly? Are breasts, sweat glands, and scales connected in some way? To better understand the inner workings of our bodies and to trace the origins of many of today's most common diseases, we turn to unexpected sources: worms, flies, and even fish.

Shubin makes us see ourselves and our world in a completely new light.

Strengths of the Book

- Fascinating connections: It shows how human hands, teeth, heads, and senses link directly to ancient creatures through fossils and DNA.
- Easy to read: The writing style is simple, friendly, and full of humor rather than dense or dry academic jargon.

If you'd like to discuss this book with us, let Herb Hethcote know you'd like to be on our email list, so you will receive the zoom link: office@cedarsuuchurch.org
